

Cooling Systems

Universal Cooling Adapter UA 50

For almost all cooling systems

UA 50 Universal Adapter

LR 232
Cooling System Tester

The perfect solution thru the right turn

The adapters particular construction with a 3-levelled head piece and its flexible material which shapes ball-like, allows a secure and reliable fixing to the cooling system

- The innovative design prevents the adapter from slipping out of the orifice
- From diameters of .8 to 1.6 inches
- Used in conjunction with all LR cooling system testers e.g. LR 232
- Easy and trouble free handling
- Unlimited durability
